

WELCOME TO

GoMetro

A METRO & TRANSPORT SOLUTION

First Problem

Time

- to find and reach the right card

Waste

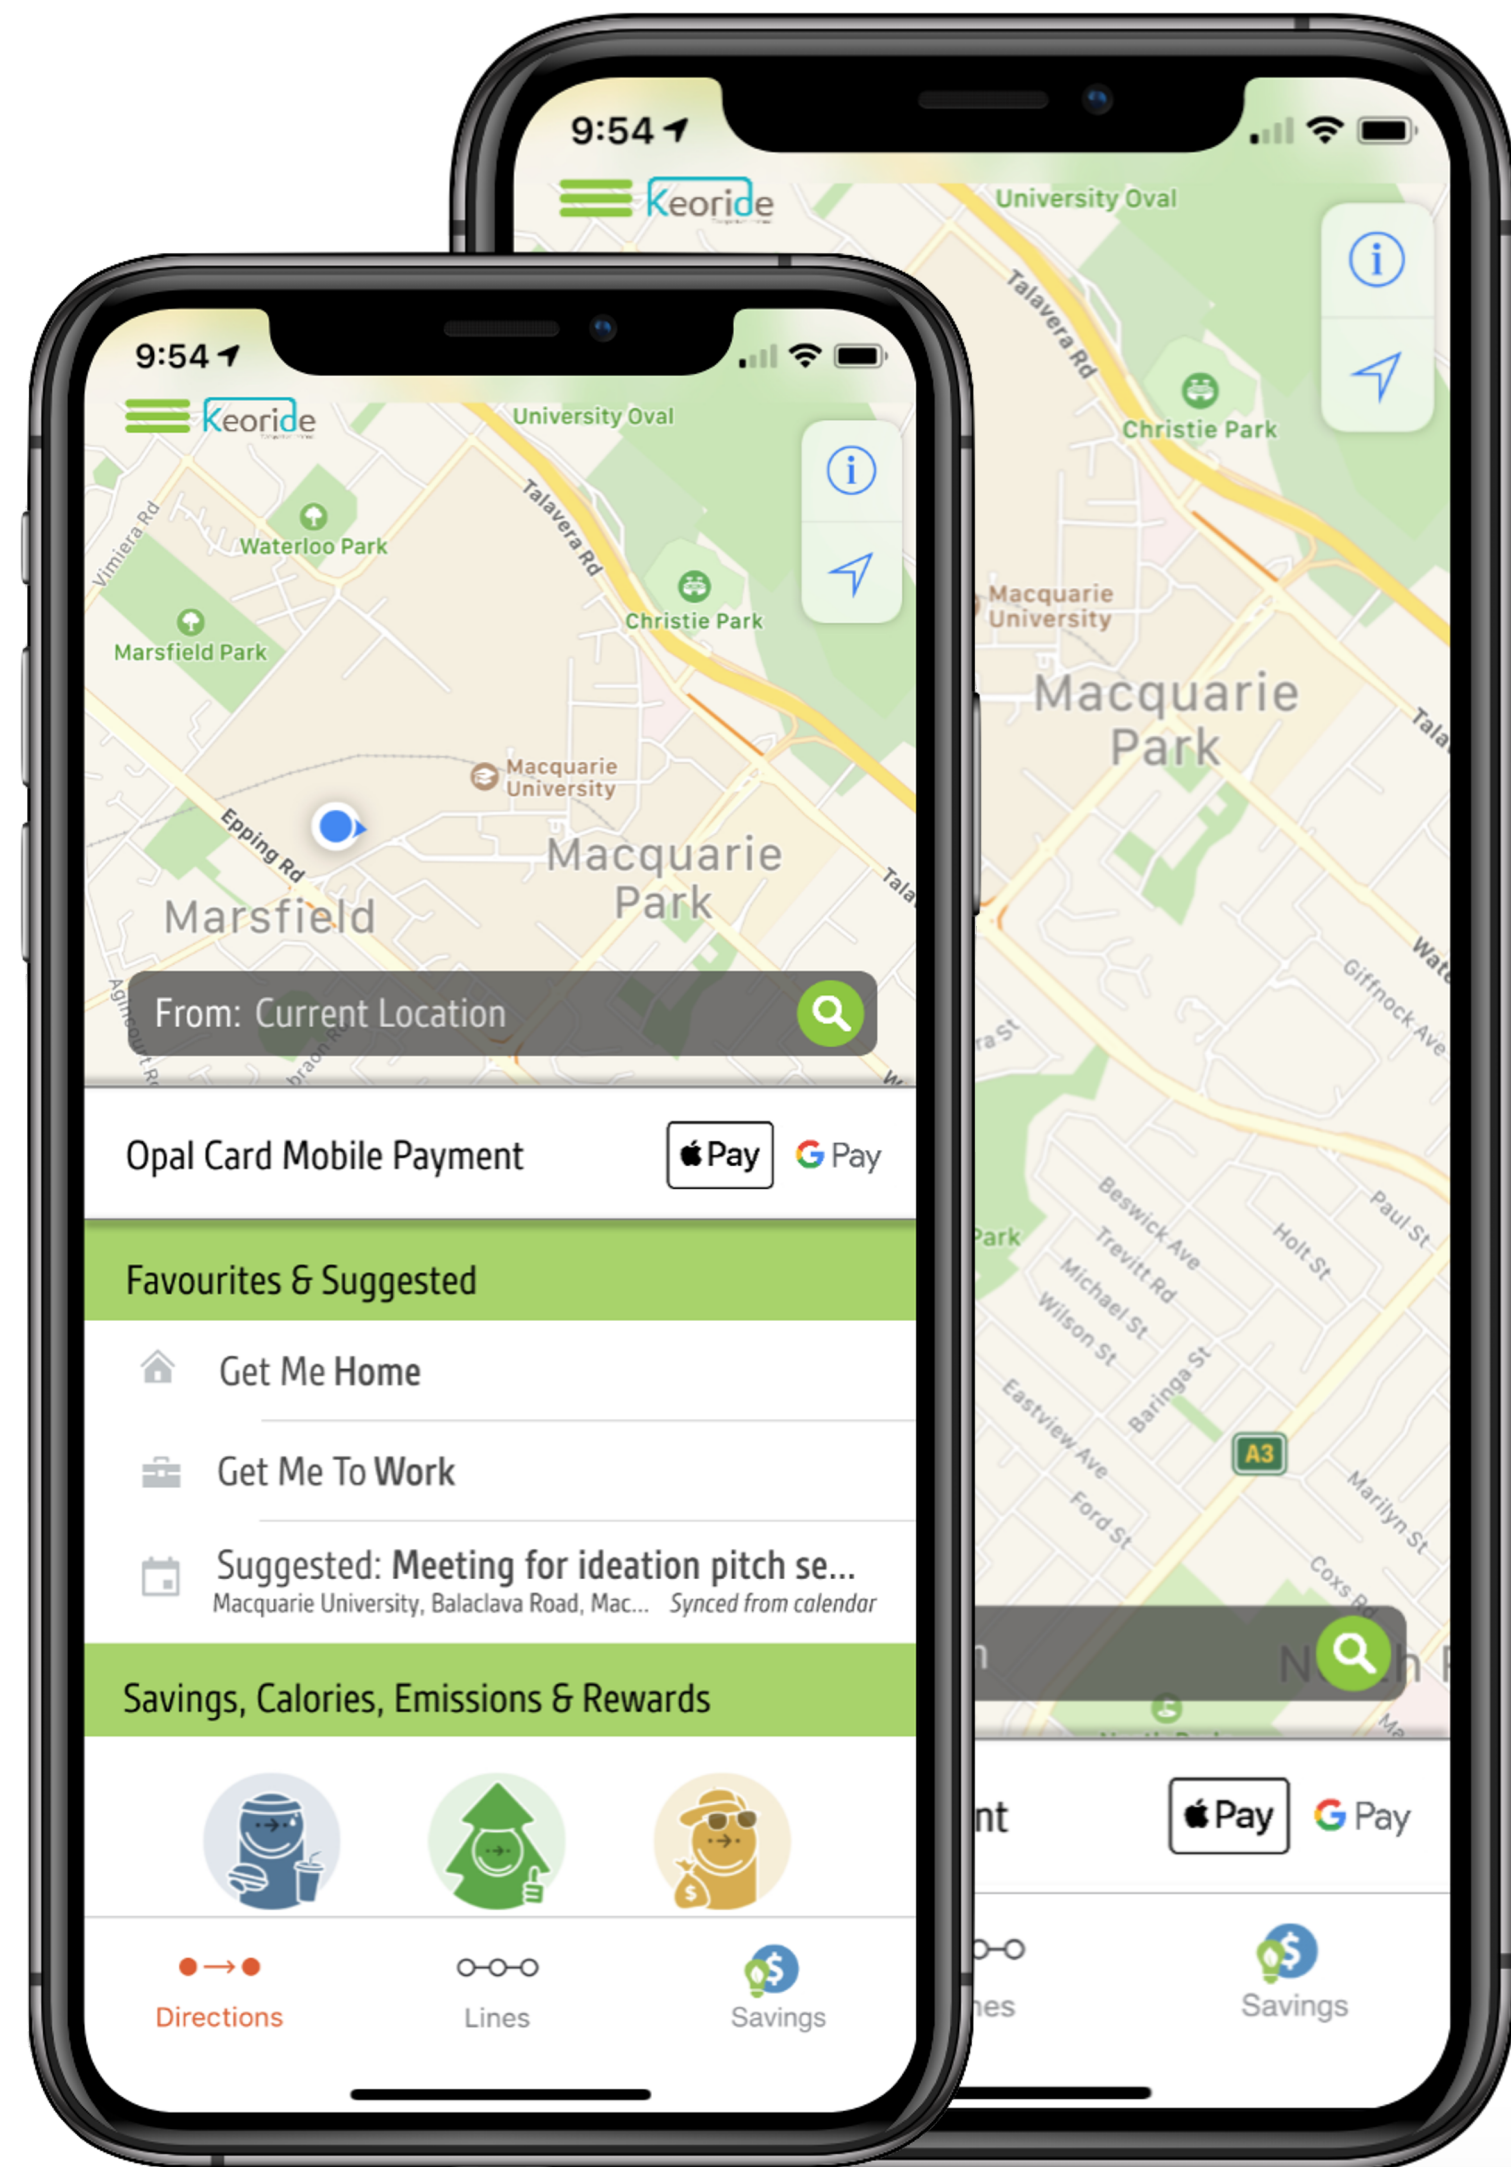

- unnecessary **waste** and **emissions**

Messy

- download **lots of APPs** for transport

Our Solution

Mobile App Solution

An all inclusive mobile app that also allows payment for public transport systems (incl. metro, bus, ferry, etc.)

Lower
Production
Emissions

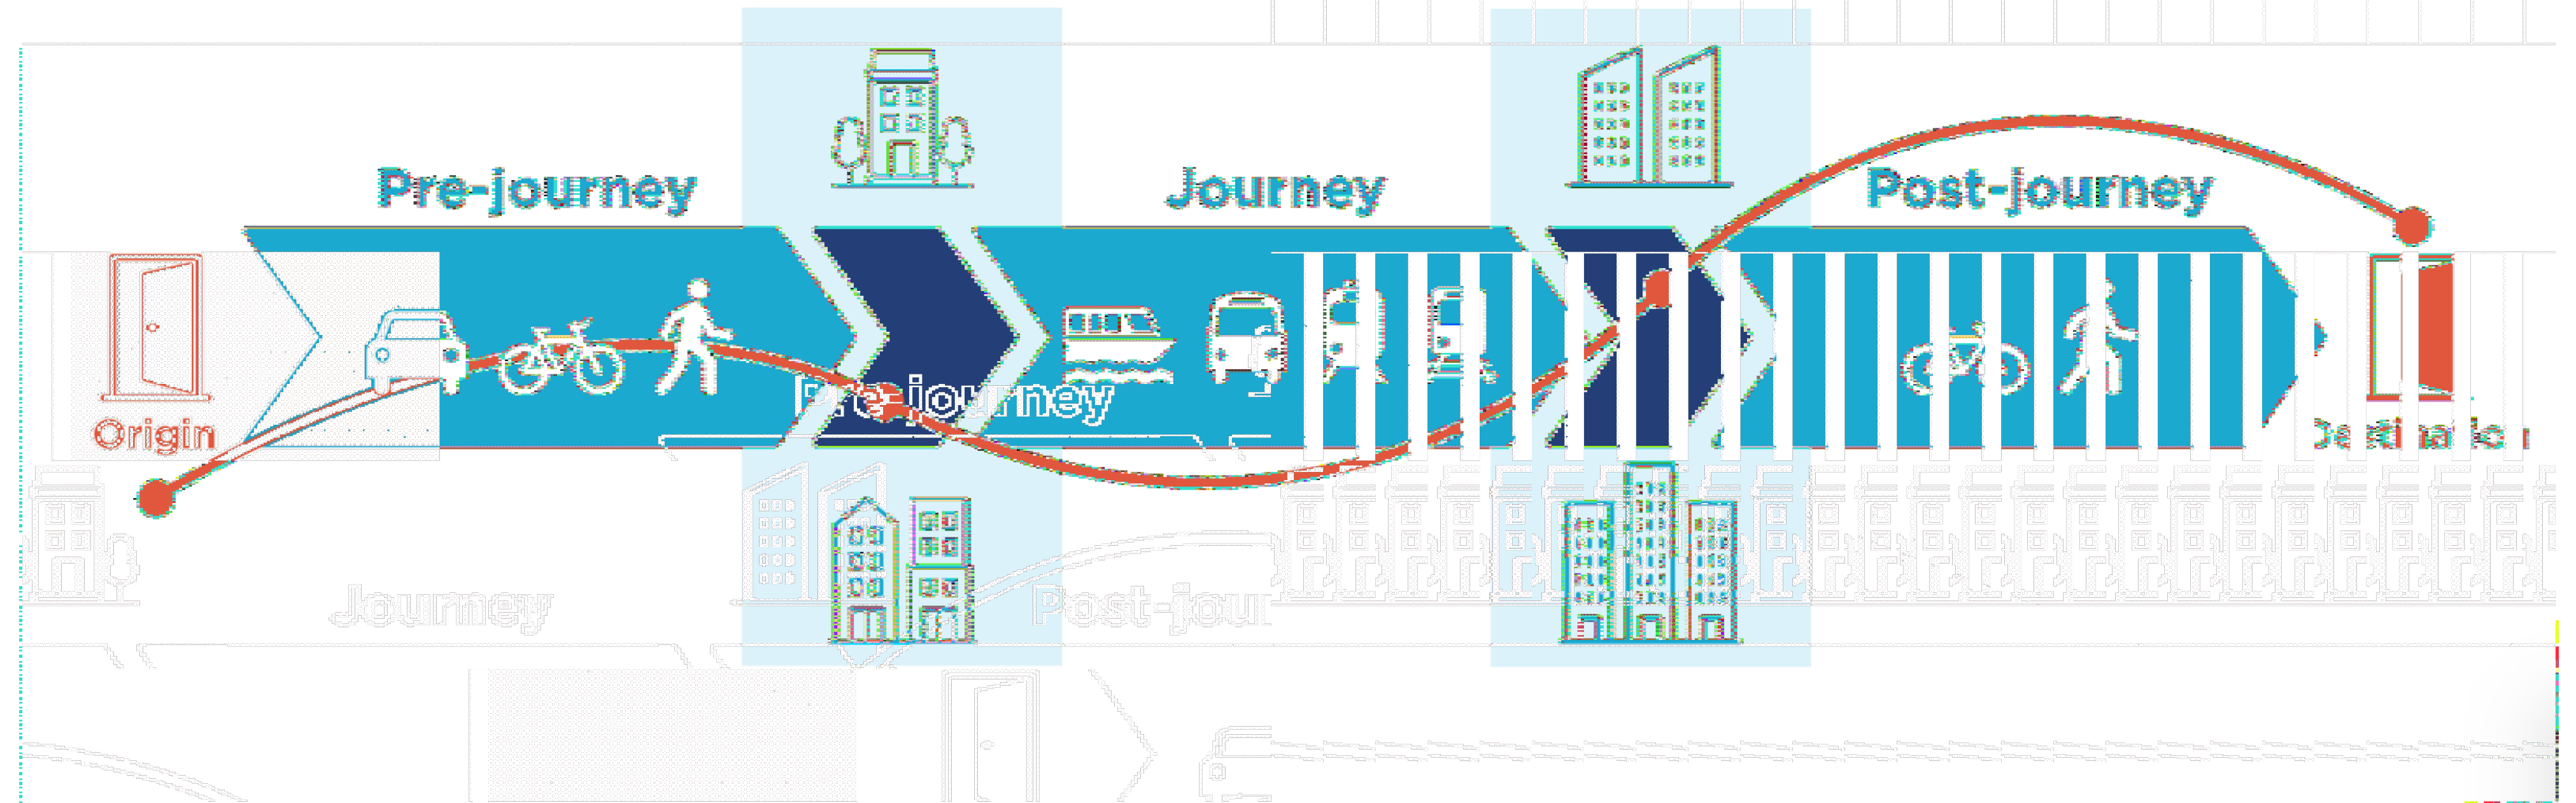

All Inclusive
App

Convenient to
find/use

Motivate people to
take public
transport

Our Solution

Door-to-door customer experience

Functions

Reward System

01

- travelling distance/walk, healthy food, less emissions using GPS and tap record

Personal Assistant

02

- NLP, chatbot to answer questions (Siri & Google Assistant)

Real-time map

03

- Suggested route from home to destination, real-time traffic (with calendar integration included)

Train Info

04

- Train capacity, first and last train, time of departure and arrival

Bus and Ferry Info

05

- Waiting times and real-time locations of bus and ferry, notifications

Nearby facilities

06

- In-station and out-station atms, restrooms, convenience stores, restaurants, malls

Second Problem (3 C's)

Crowd

- **jam-packed** compartments for passengers

Congestion

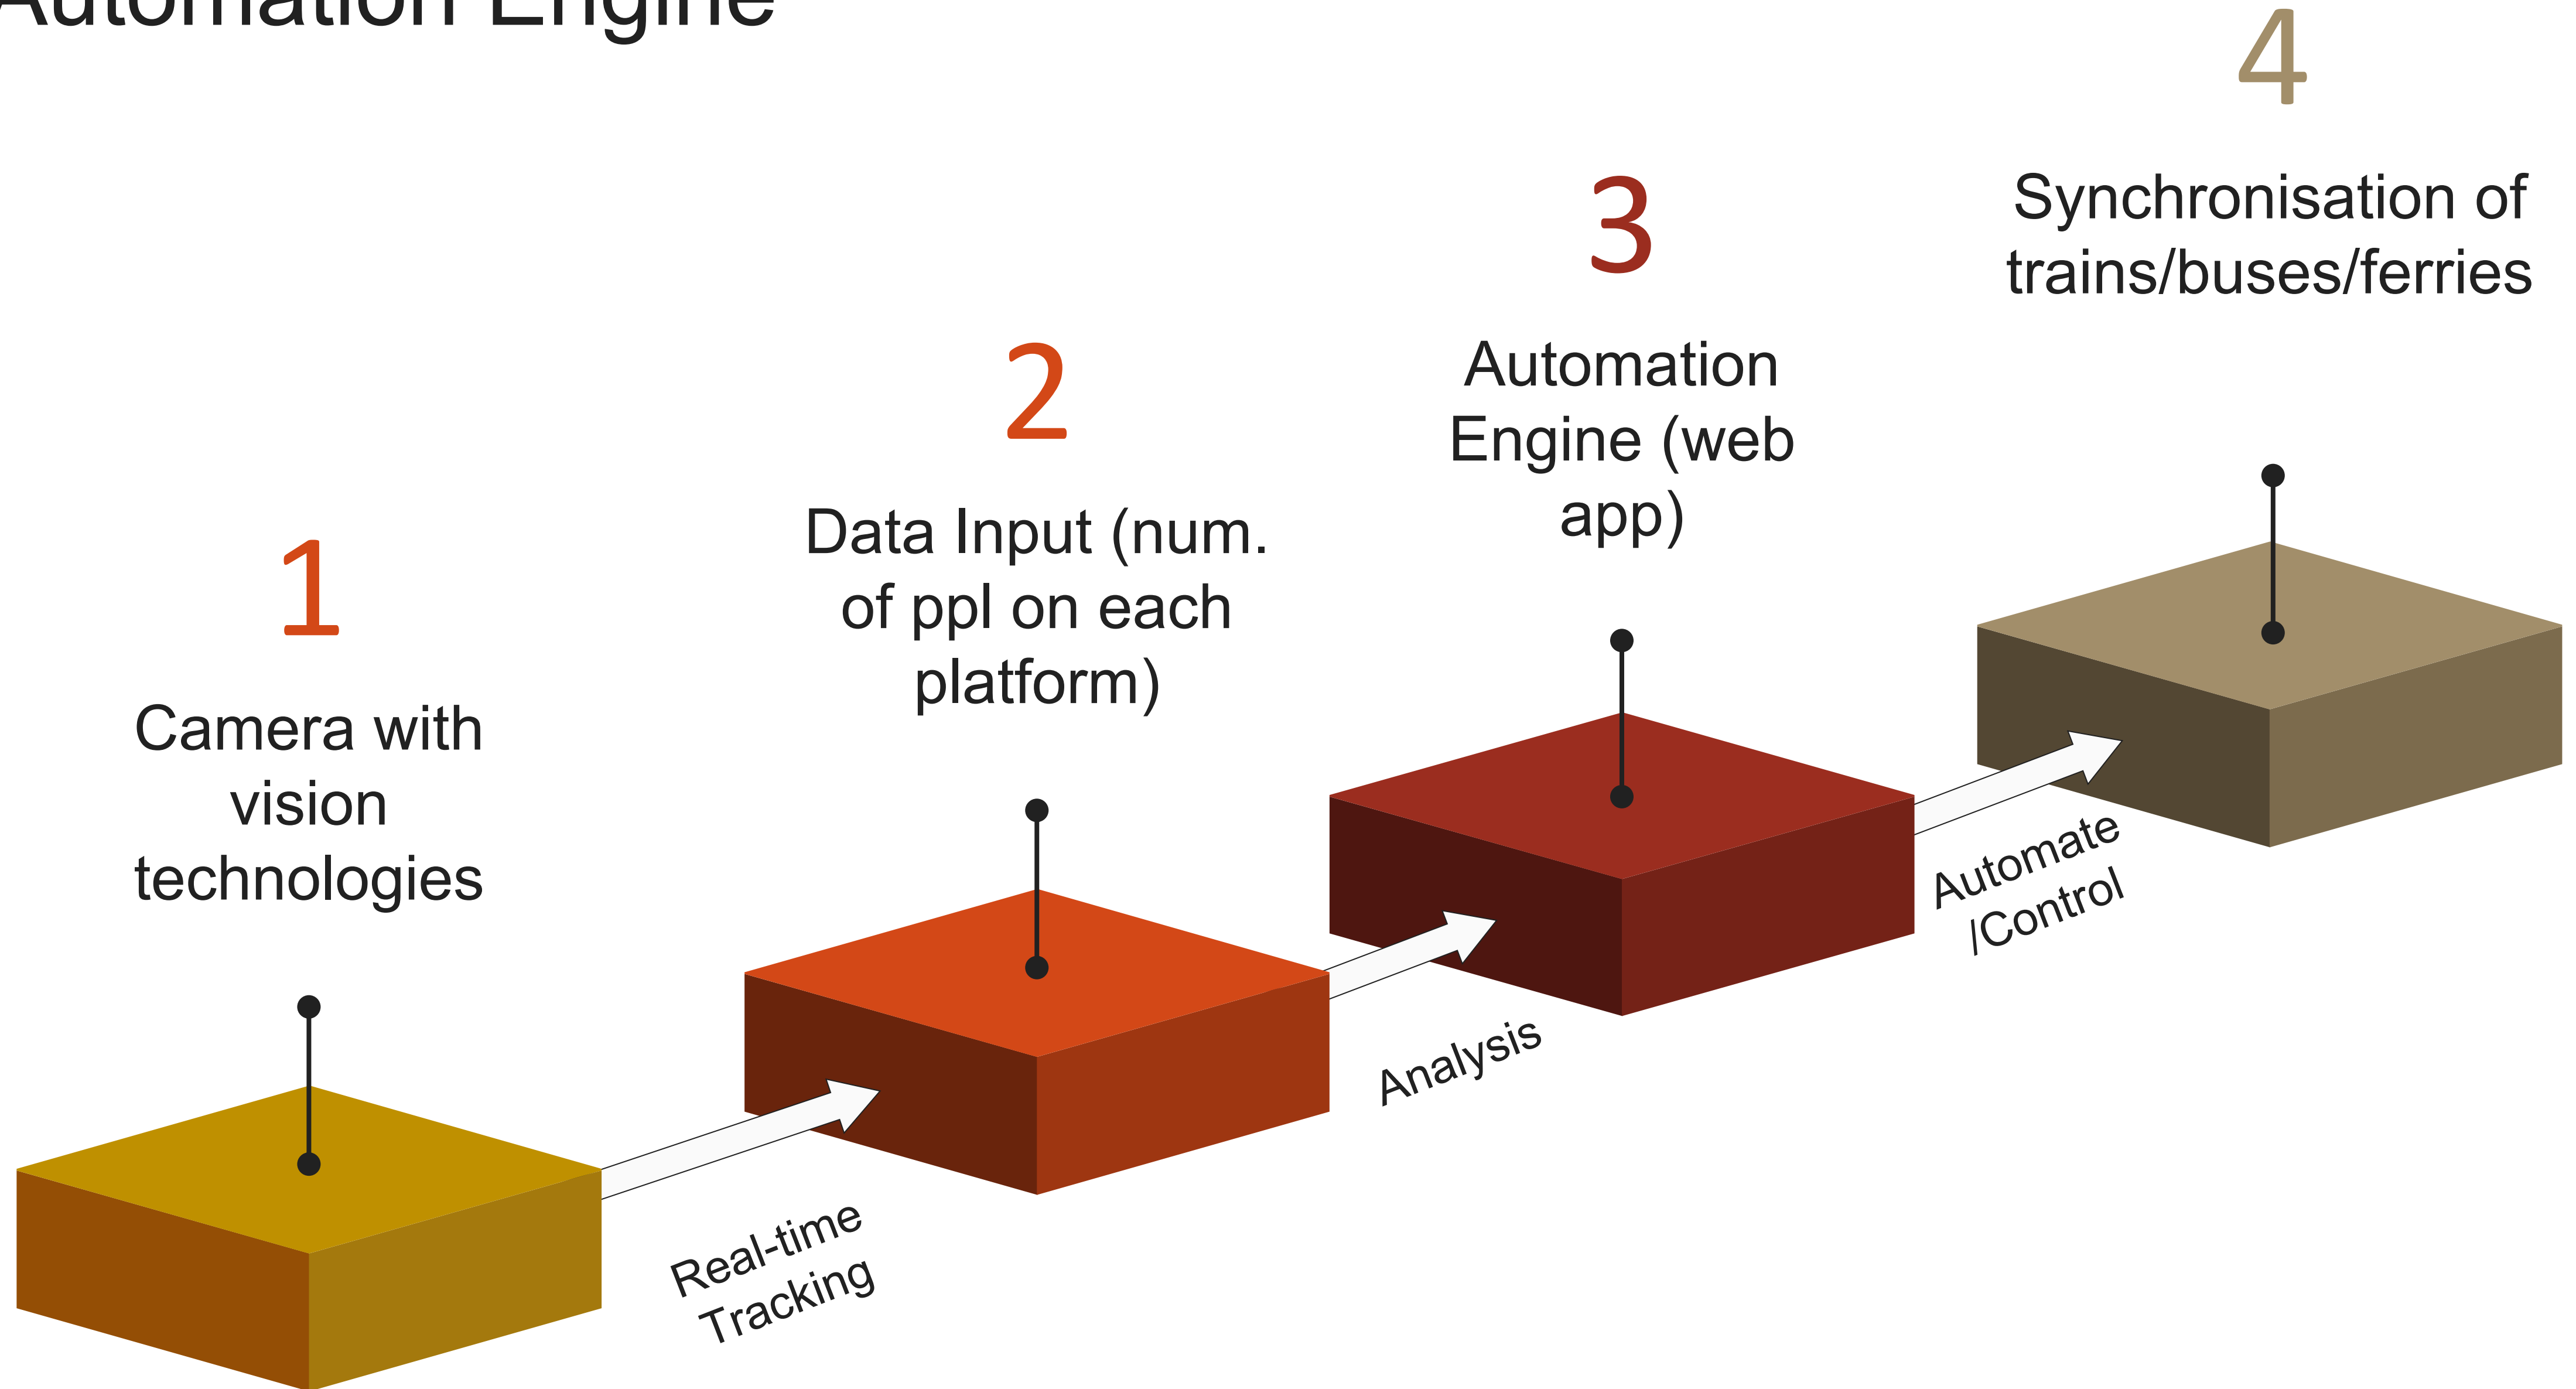

- **traffic congestion** on platform during peak hours

Coordination

- **difficulty of coordination** between passenger flow and trains

Our Solution

- Automation Engine

Our Team

Nathan
Key Marketer. CMO

Raymond
CEO/CTO

Jess
CFO
